The training I provide at www.howtolearnmagick.com is based on the theory of Chaos Magick. I have been training for over 25+ years in the magical arts and I aspire to bring you the foundation and keys necessary to unlock very magical ability and psychic wisdom in your daily life. Many people believe that a simple magic spell is all they need to unlock power.

Unfortunately 99% of those people will never achieve any results with their magical intent. However there are 1% of magicians, wizards and witches who do actively engage and harness the powers of the Universe to attain their personal desires and wishes. I am one of these people.

I go by the name Dreaming Wizard. I am an anonymous magician and felt compelled to expose what works and how to actually attain the status of a wizard or witch. Now I am not talking about Harry Potter or any fictional witchcraft. I am talking about the real deal. I will show you how to harness the powers of your thought, willpower and imagination to literally get whatever you want from your life. I have used magic for over 25+ years. I am a Master of only myself. However I know I have many things I can teach you. That is why I created the website www.howtolearnmagick.com

How To Harness Your Willpower To Make Your

Spells & Rituals Work Much More Often!

Within this lesson, we shall examine one of the 3 different elements that can give you access to full magical power and psychic ability in your daily life. In the [previous lesson](#), we discussed the importance of having a clear and peaceful mental landscape to create magical effects. We discussed the importance of meditation and how it applies to develop a magical mental state and the ability to actually make your magic spells and rituals work.

As was told in the [last report](#), your mind is a fertile soil that when used correctly with proper thinking can transmute your desires into physical reality. This is a great truth amongst all major religions and mystics. If you wish to empower yourself with magic and witchcraft you are going to need a strong mind. If you have a weak mind that is easily swayed and governed by unconscious impulses you will need to begin daily meditation immediately if you hope to achieve the status of a magician.

In this report, we will examine the importance of willpower as one of the 3 necessary ingredients for magical empowerment. Your willpower will either allow your magical spell or ritual to work in reality or it won't. Your willpower is one of the key ingredients for transmuting your mental desires into the physical realm. As we talked about in the last report, your mind is connected with the collective mind. You are a part but are not apart from the cosmos. You are in fact the fabric of the cosmos. Knowing this will help you get a step ahead with making your magic work. Having willpower is essential for a magic spell or ritual to work properly. In order to have a strong willpower for magical purposes, you will need a strong willpower in all areas of your life.

If you are weak, easily emotional, addicted to substances or things, obsessive, and undisciplined among other undesirable mental traits you will need to dramatically change your life. You will have to start with developing your willpower and sense of self-discipline. If you are addicted to food, tobacco or cannot resist certain impulses or desires that are negative you have no willpower. If you have no willpower it won't matter how many different magic spells or rituals you try. They will not work.

Magical acts are governed and transmuted into physical reality through the use of willpower. With your willpower, you will have to create such a strong and powerful mental state. The energy used through your willpower will transfer your request on to the Universe by imprinting it upon reality. When you imprint your desired result or expectation through a magical act with extreme willpower and desire you will have much greater results.

I suggest for the second lesson for magical self-mastery is for you to begin training your willpower immediately. I am not talking about trying different spells or rituals but rather take control over your mind and your daily life. If you have any negative habits or things you feel powerless over that control your thinking and actions then begin to uproot them from your mind and remove them completely. I know it's difficult. I have had to go through this process myself many years ago but achieving a state of a strong will power will naturally strengthen your magical spells and rituals.

This same willpower you can use to defeat such things as smoking cigarettes, overeating, gambling, fear and other things will give your magical spells and rituals greater chances of success. I want you to write down a list of things you wish to have control over. It might be things like being on the computer too much, being addicted to social media, watching too much television or whatever holds you back. Write down these things and decide to remove them from your life. Yes, it is hard. But so is magick. If you can't do simple things using your willpower do not expect any results from magic. It's that simple.

The power of your will is one of three ingredients that bring about success with magic spells and magic rituals. If you have no real willpower or control over yourself you will get nowhere with magic. Strengthen your willpower starting right now.

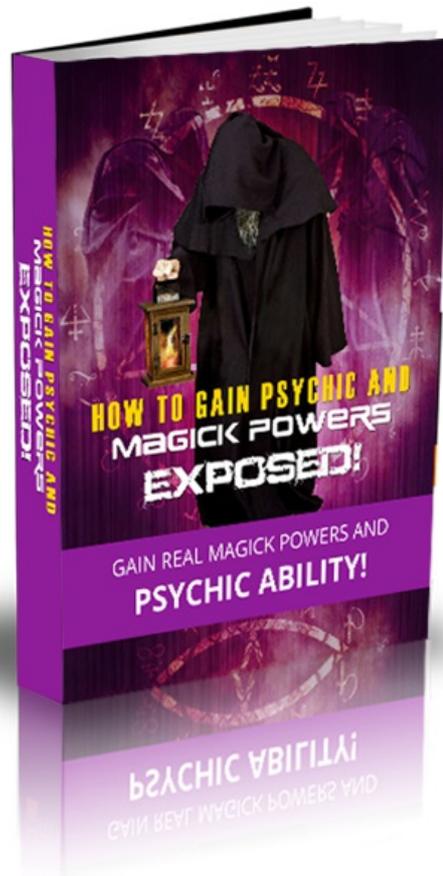

When you have embraced this lesson and begin using it in your day to day life you will find that when you do use magic spells and rituals they will have more success. There are plenty of billionaires in this world who are true rags to riches stories that utilized their willpower to go from poverty to being worth billions of dollars. Do your research and you will find these stories of such men and women.

Willpower alone can guarantee victory with any task or goal you wish to materialize and transmute into physical reality. It is the great power of will that can move mountains. Be aware of this and start using it immediately. Now and for the rest of your life. Magically you will gain untold power when you use this natural tool every human being has at his or her disposal.
